Professional Summary

Berlin-based Product Designer with over 4 years of experience building comprehensive design systems and end-to-end user interfaces across iOS, macOS, and responsive web. Proven ability to own the complete product design lifecycle, skilled in translating complex requirements into accessible and user-centric digital experiences.

Experience

Product Designer | SPACE SQUAD

Oct 2021 – Present | Berlin, Germany

- **UI Architecture & Design Systems:** Scaled cross-platform component libraries and managed core design tokens to establish a unified UI architecture.
- **Technical Handoff:** Streamlined developer implementation by integrating into Agile sprints and enforcing strict Figma auto-layout.
- **End-to-End UX/UI Design:** Owned the UX/UI design lifecycle for new features, delivering production-ready flows using advanced Figma prototyping and Lottie animations.

Education

IU International University of Applied Sciences

Bachelor of Arts (B.A.), Media Design | Oct 2021 – Mar 2025

National Technical University "Kharkiv Polytechnic Institute"

Bachelor's Degree, Computer Systems Networking and Telecommunications | 2013 – 2017
